## Best Practice: 1

1: Scholarships to Needy.

## **Best Practice 1**

**Title of the practice: Scholarships to Needy.**

### **The objective of the Practice.**

One of the missions of the college is to promote an academic environment in the tribal belt and to provide opportunities for students to strengthen their academic potential. With this mission and objective in mind, the college ensures that no one is deprived of higher education in the absence of finance.

It has been observed from the profile of many of the students joining various programs of the college that they are coming from rural areas with low economic/financial backgrounds and their parents are unable to provide them with sustained financial support to continue their studies. The reason, their parents depend on agricultural income and agriculture is not a source of assured income. Moreover, Hence, the great noble objective of this practice is to:

- a) to provide financial support to all poor students irrespective of their caste, creed, or religion and to continue their studies.
- b) to promote equality among students and to ensure that every student has an equal opportunity to make their talents.
- c) to inculcate human values like generosity and social responsibility among the beneficiary student.

With financial help, the beneficiary student can complete his/her degree and they would treat the needy, and whenever a necessary person comes to him in the future for any financial help which if it is in his budget, he will not disappoint him. That is the outcome the college expected from this practice.

### **The Practice.**

The college provides three types of scholarships viz., Merit-based, Need-based, and Student-specific.

### **The Context.**

As per the government rules, students belonging to Scheduled Caste, Scheduled Tribes, and if the annual income is below Rs. 2,50,000, and Other Backward Classes if the annual income is below Rs. 1,00,000 are eligible for scholarships. The amount of the scholarship is transferred directly to the student's bank account. A considerable number of the students of the college come from economically weak families and the Below Poverty Line and their scholarship amount is transferred to the student's bank account.

### **Evidence of Success.**

The college wishes to measure the result and success of the practice in the following manner:

The Number of students benefited from scholarships provided by the Government during the year 2021-22 with an increase of 5 % in the number of students and an increase of 17 % in the amount distributed.

1. Due to this practice of scholarships to the needy, the college has witnessed an increase of 15 % in the enrollment of SC/ST/OBC Students.
2. The college has distributed Rs. **3535139-00 to 798** students belonging to SC/ST and OBC categories, and Rs. 578600 **to 199** students who come under the Below Poverty Line in the year 2021-22

### **Problems encountered.**

The college implements the practice successfully. That's a big advantage. Done right, everyone wins: students pursue their dreams, and the institute achieves its mission.

## Best Practice: 2

An initiative by the  
Department of Commerce  
to motivate the students to think positively and  
to increase their self-confidence

**Thoughts of the day** refresh one's mind and we need a daily input of new ideas, wisdom, and wise experience of others. One positive thought for the day brings motivation and inspiration. Every day becomes beautiful when one starts one's day with powerful words of motivation. Research studies have identified that an increase in life stress is associated with the emotional and behavioral problems of students. To advance the qualities of student life teachers need to provide them with positive thoughts. Similarly, choosing positive thoughts can be a part of student life and every thought of a student is an affirmation.

**Objective:**

- The main objective of starting this process of speaking the thoughts of the students is to increase confidence and to develop the students' speaking ability.
- To motivate the students to achieve their future goals by promoting moral values in them.
- Uploading on social media will spread this idea and thoughts among other people & will have a profound impact on society.

And to welcome each day with a warm smile and a new strong positive thought, the students of the Department of Commerce under the guidance of Dr. Dharmendra Singh, Asst. Prof started presenting new ideas and thoughts by the students in front of all students. And this process of presenting by the students is going continuously and is liked by the students as well as their families. The thoughts presented by the students are truly best in nature as they teach how to be confident and happy in the most difficult situations of life. So far, 200 ideas have been submitted by the students which have been uploaded on social media Instagram. With the boom of social networks, sharing the thoughts presented by the students become an activity and it is a proven fact that daily sharing can be a source of inspiration and empowerment.

**Problem encountered:**

It is a problem for students coming from rural areas to speak pure Hindi. Because they generally communicate through the dialect of Chhattisgarhi.

**Evidence of success:**

This platform has helped them to speak in good Hindi with full confidence and the fear of standing on stage & addressing an audience ended. This practice has helped them to develop positive thinking and this is the certification of their parents.

### " विचार गतिविधि के माध्यम से छात्रों को प्रेरणा "

महाविद्यालय द्वारा प्रारंभ की गई इस सुविचार गतिविधि से बच्चों में विकास एवं प्रोत्साहन मिल रहा है। साथ ही छात्रों को अपने विचार प्रकट करने से उनके आत्मविश्वास में वृद्धि हो रही है।

में हरेश शाहनी, पुत्र सुमति शाहनी का पिता, अपने पुत्र द्वारा महाविद्यालय में प्रस्तुत किया गया विचार [Failure is an Option Here, If things are not working, you are not innovating enough] (इस सुविचार से हमें यह शिक्षा मिलती है कि अगर चीजें ठीक नहीं हो रही हैं, तो अपना अपना इन्वेंट नहीं कर रहे हैं। तो हमें नयी चीजों को नियोजित करना चाहिए।) में महाविद्यालय का धन्यवाद करता हूँ जिसके कारण मेरे पुत्र को यह सुविचार सबके सामने प्रस्तुत करने का अवसर मिला।

इंस्टाग्राम में सोशल मिडिया में पोस्ट होने से छात्रों में लोकप्रिय भी हो रहे हैं और समाज में दूसरों को यह भी पता चलता है कि महाविद्यालय शिक्षण संबंधी कार्य के साथ बच्चों के व्यक्तित्व के तरफ भी है।

बड़े शरीर की माध्यमशिला है  
नीव मकान की आवाशशिला है  
अंशकार देना है तो इन बच्चों  
को दीजिये जो राष्ट्र परिवार व  
समाज की माध्यमशिला है।

महाविद्यालय में जो सुविचार गतिविधि शुरू हुई है। वह काफी अलग गतिविधि है जो बहुत अच्छी है। यहाँ बच्चों का विकास हो रहा है। उन्हें सकारात्मक बातें सुनकर सकारात्मक ऊर्जा मिल रही है और यहाँ बच्चों महत्वपूर्ण बातें बता कर जीवन और दुनिया के बारे में विचार, राय, साक्षात् कर रहे हैं।

मेरी बेटी सुवाय बोले गये सुविचार में यह था कि आज के जमाने के बच्चे अपने जीवन की तुलना दूसरे बच्चों के जीवन से करते हैं जो उन्हें नहीं करना चाहिए। इसने अपने सुविचारों को बहुत ही अच्छे रूप से प्रस्तुत किया था। केवल यह ही नहीं बल्कि अन्य बच्चों ने भी अच्छे तरीके से प्रस्तुत किया था। इन गतिविधियों से उनका आत्मविश्वास बढ़ा है और इन सब बातों के कारण अब वे विभिन्न प्रकार के कार्यक्रमों में भी भाग ले सकते हैं।

आप सभी जानते हैं कि आज कल सोशल मिडिया का जमाना है। सभी को वहाँ रहना बहुत पसंद है खासकर बच्चों को। महाविद्यालय द्वारा जो उनका इंस्टाग्राम अकाउंट बनाया और रोज के रोज बच्चों की तस्वीरें उनके सुविचार के साथ डाला गया। इसे अन्य लोगों को भी पता चलता है कि महाविद्यालय में इस तरह के कार्यक्रम हो रहा है। इसे न केवल बच्चों का बल्कि कालेज का भी पुराना हुआ है।
